I hereby certify that the foregoing is a transcript from the records of said town of Sanbornton.

GEORGE C. WARD, Town Clerk.

Report of School Board.

Schools have been in session two terms of ten and fourteen weeks each—*twenty-four weeks for the year.

Teachers have been employed as follows: At Calef Hill, Mary J. Hersey, first term; Eva Rand, second term. At the Square, E. Adelle Herbert, first term; Amy B. Drake, second term. At Hunkins, Carrie E. Plummer, first term; Gertie B. Glidden, second term. At Meadow, Mary A. Currier, both terms. At Bay, Gertrude M. Sanborn, both terms. At the Corner, Abbie Emerson, both terms. At Chapel, Mary O. Taylor, both terms. At New State, Emma A. Lane, both terms. At Osgood, Ida M. Sanborn, both terms. At Brook, Cynthia A. Hill, one term. At North Sanbornton, Gertie B. Glidden, first term; Mary V. Redding, second term.

No teachers were employed at Morrison, Stone Bridge and Morrill for the year; and none at the Brook for the summer term. The pupils in these localities went to the above named schools. In the main our teachers have been successful in their work. Some have excelled, ranking with the best in their profession..

The merits of the town, as compared with the district system, have been demonstrated over and over in this town during the last seven years. Better teaching ability, better located for work, with better and more schooling for the same money are some of the happy results.

*The Square school had one week in addition of private instruction.

The members of the school board are grateful for the general spirit of co-operation which the citizens of the town have given in making this system effective. Its working. however, will be more perfect, when all practically accept the fact that the town is one district established by law, dropping the expression "our district" and "your district," acknowledging that old district lines have been abolished. Then they will not regard pupils who are sent by the school board across lines that once were as foreigners and intruders, but as pupils entitled to schooling under the law at such places as in the judgement of the school board it can be best given.

A goodly number of names appear upon the Roll of Perfect Attendance. We would that many others could have appeared. So much depends upon punctuality in attendance that parents cannot afford to be indifferent respecting it. Where it does not obtain, the public money does not answer the full purpose of its appropriation, pupils fall behind their classes, and work, if at all, at great disadvantage. They suffer a positive loss.

We are glad for the large number of visits made to our schools during the year.

Slight repairs have been made at the Meadow, Chapel and Square. Some repairs will be needed for the year to come, and an appropriation should be made for that purpose.

The old district names are used as a matter of convenience.

For statistics attention is called to the table.

It is important that children be early educated to the property right for themselves. It is also important that they learn to care for the property confided to their keeping. Parents and guardians should cooperate with school officers in teaching pupils to care for the property, buildings, books, etc., provided for educational purposes. They should not feel that because these things are provided by the town they may be used and destroyed with a spirit of prodigality. It is not best for pupils. The habit is bad. It is not in the interest of citizens. They are taxed to furnish these supplies.
